EURO 2008: SUCCESS OF THE SECURITY SERVICES, AUDISOFT TECHNOLOGIES' FRONTLINE COMMUNICATOR DELIVERS SATISFACTION

Longueuil (Quebec), JULY, 2008 – The Switzerland Police cantonale vaudoise has innovated in mobile video security surveillance by selecting the Frontline Communicator for the EURO 2008. The Frontline Communicator, designed and manufactured by the Canadian Corporation AudiSoft Technologies, is a wireless, wearable and lightweight audio and video communication system allowing real-time communication between agents in the field and the command control.

Mrs. Marie Lapalme, President and CEO of AudiSoft Technologies, is delighted by the adoption of the Frontline Communicator by the Police cantonale vaudoise. In her opinion, the Frontline Communicator has met the mobile video surveillance expectations of the Police cantonale vaudoise and has contributed to maximize the security during the EURO 2008.

The Police cantonale vaudoise draws a positive assessment of their engagement during the EURO 2008 and is satisfied of the contribution gained by the use of the Frontline Communicator. To learn more about AudiSoft's products, visit the corporation's website (www.audisoft.net) or contact one of our authorized resellers in your region.
