

### AUDISOFT TECHNOLOGIES, ACCREDITED WITH HIGHEST MARKS FROM THRANE & THRANE FOR THE USE OF FRONTLINE COMMUNICATOR WITH THE EXPLORER 700 BGAN terminal.

**Montreal, Quebec, September 20, 2007** – AudiSoft Technologies announced today it has received the Thrane & Thrane accreditation for its Frontline Communicator with the use of Thrane & Thrane EXPLORER 700 BGAN terminal. The Frontline Communicator successfully completed the Thrane & Thrane accreditation, which is based on tests and an evaluation of how to configure and work with the Thrane and Thrane EXPLORER 700 BGAN terminal.

“Certifications and accreditations from technology partners serving the same global markets are the best mechanisms we have to standardize levels of reliability and compatibility,” said Marie Lapalme, CEO of AudiSoft. “Thrane & Thrane accreditation is a good example of different manufacturers working together to ensure that their solutions work and integrate seamlessly for all BGAN users, with the guarantee to transmit highly-sensitive information with efficiency and security. With this accreditation, AudiSoft now provides worldwide BGAN end-users a complete mobile turn-key solution to meet their operational responsibilities.” Information on how to configure and work with Frontline Communicator and Thrane & Thrane Explorer 700 can be downloaded from <http://www.thrane.com/Land%20Mobile/Introduction/Video/Tele-Video.aspx>

#### About AudiSoft Technologies

AudiSoft Technologies develops and markets the Frontline Communicator - the world's first IP mobile, wireless and wearable audio video communication equipment, to the land mobile, maritime, government, public safety, military, medical, media, oil and gas and mining industries. Frontline Communicator provides freedom of movement and real-time AVD communication to the operator, for a range of sectors and applications such as training, remote assistance and more. With BGAN added to the mix, it offers a powerful system for inspection and monitoring, no matter how remote the location.

#### About Thrane & Thrane

Thrane & Thrane is the world's leading manufacturer of equipment and systems for global mobile communications, based on sophisticated satellite and radio technology. Since its incorporation in 1981, the company has established a strong position within global mobile satellite communication based on the Inmarsat system. Today, Thrane & Thrane provides equipment for maritime, land-based and aeronautical use. The company's products are sold throughout the world under the brands Thrane & Thrane, EXPLORER® and SAILOR®, and through distributors and partners and as OEM products. The company is listed on the Copenhagen Stock Exchange. More information about Thrane & Thrane at [www.thrane.com](http://www.thrane.com).
